

# A QUICK GUIDE TO PLAN YOUR MICE

MEETINGS INCENTIVES CONFERENCES EVENTS

WNY HOLIDAYS - The air under your wings

WNY HOLIDAYS

## PLANNING

A good plan is a good starting point. Anticipating the problems is a sure shot way handle them when they come!

## HOTEL BOOKING

With abundant options, comes the difficulty of making the right choice. We know which hotels will suit your event more. We also have well negotiated rates.

## DESTINATION SEARCH

It's not just about distances and travel costs. There are a host of other factors which can make or break your event. We provide you with a updated destination info to you.

## TICKET BOOKING

Online individual ticketing has become easy but try booking a large group! Our tie-ups with airlines get you the best rates, always.

## TRAVEL

Group travel has it's own challenges. Coordinating and facilitating every member for a smooth travel experience needs well trained people who can think on their feet.

## TRANSPORTATION

Transportation options and costs vary a great deal from country to country plus there are a number of regulations to take care off. Leave the hassles to us, and concentrate more on your fun!

Foreign exchange rates vary a great deal and for a large group, a small variation in price may become substantial. The legal formalities can be challenging at times.

## BAGGAGE

For an event, good baggage management is critical. Be it dealing with excess, important or fragile baggage, our people are always ready to manage.

## VISA

Timely visa, special permits and other immigration regulations ensures seamless travel. Our international partners come in very handy for this.

## FOOD & CULTURE

In some cultures clicking a picture may be considered offensive. Cultural sensitivities are very different and so can be the food. We update all our customers with an updated travel guide with all such details before your trip.

WNY  
Holidays is an  
integrated travel services  
company with an experience of  
over 6 years and over 1000 events.

Contact us and our travel experts will love to meet up and suggest you customised options for domestic or International MICE.
